Cabrini ♡ Compassion Partners

The beating heart of your community

Compassion Partners like you are the beating heart of your community ... and the heart of everything Cabrini does too.

Cabrini, a heritage of courage, compassion and joy.

Cabrini Hospital was built on the values that Mother Cabrini herself held dear. At the heart of everything was her guiding principle that her Sisters should: *“enact God’s love for people through their own compassionate action in the world.”*

That is why today, we call our kindest and most loyal supporters, “Compassion Partners”.

The Cabrini Health story began in Melbourne with the determination of just ten Cabrini Sisters who went about their work with courage and joy. Today, we look to people from within our own community who are moved to continue that legacy in the same spirit.

We hope to be welcoming you into this growing family soon.

NEW LIFE: MOTHER HELEN BIRD WITH HER BABY CHARLOTTE AND CABRINI MIDWIFE JAMIE JAKUBOWICZ.

Health comes first.

If you believe that health comes first for a community like ours, then your heart is already in the right place. The Cabrini Sisters who founded our hospital put the health of this community first. They cared for us with courage and joy, selflessly caring for others and giving of themselves without limit or reserve.

Today, Cabrini is a world-class hospital that still puts the health of this community first and does so with the same spirit of courage, compassion, and joy. If you believe in those values, if you believe that the availability of world-class healthcare is of value to all, then we would love to welcome you as a new Compassion Partner soon.

Cabrini is your hospital.

The simple truth is that we would be unable to care for a single patient, without kind, caring, community focused supporters like you. We receive very little funding from government, and rely entirely on the generosity of people from within our own community, just as we did back in the days of the Missionary Sisters.

Every surgery, every appointment, every treatment, every cure... is only possible because of the compassion and selflessness of people like you. You make Cabrini what it is. You keep the heart of this hospital and this community beating. You are Cabrini.

As a Compassion Partner, your generosity will fund...

State-of-the-art equipment

We have the best surgeons, specialists, technicians and nurses right here at Cabrini. But to deliver the best care, they need the best equipment at their fingertips. As a Compassion Partner, your regular donations will fund the purchase of the kind of critically important state-of-the-art equipment Cabrini needs to remain world-class.

Cutting-edge research

Research saves lives. It’s that simple. And because the need for more research is ongoing, there is always a need for more funding. As a Compassion Partner, your regular monthly donations will help to push the boundaries of life-saving knowledge.

World-class facilities

From soothing gardens and children’s play areas to patient services and outpatient rooms, the quality of our facilities depends on the generosity of our most generous supporters. As a Compassion Partner, you’ll be helping to provide this community with the best.

Your compassion means all our loved ones can have the best healthcare money can buy.
